VOLUME 75: SUBJECT INDEX

- Acceleration time:RVET ratio**, Intraobserver variation in Doppler ultrasound assessment of pulmonary artery pressure, **F59**
- Acidosis**, Effects of increased red cell mass on subclinical tissue acidosis in hyaline membrane disease, **F87**
- Acknowledgments**, Acknowledgments and authors: *annotation*, **366**
- Adhesion molecules**, Circulating adhesion molecules ICAM-1, E-selectin, and von Willebrand factor in Henoch-Schönlein purpura, **507**
- Adolescence**
Body size and subcutaneous fat patterning in adolescence, **521**
Nocturnal hypoglycaemia and sleep disturbances in young teenagers with insulin dependent diabetes mellitus, **120**
Paracetamol use, availability, and knowledge of toxicity among British and American adolescents, **194**
- Adolescent disruptiveness**, Survey of difficult to contain and treat children and adolescents, **78**
- Airway hyper-responsiveness**, Parental and neonatal risk factors for atopy, airway hyper-responsiveness, and asthma, **392**
- Airway obstruction**, Surfactant abnormalities in infants with severe viral bronchiolitis, **133**
- Alcohol**, Alcohol and the young: *annotation*, **361**
- Alfentanil**, Alfentanil as procedural pain relief in newborn infants, **F103**
- Allegations of assault**, Guarding paediatricians against allegations of assault: *personal practice*, **82**
- Alloimmune neonatal neutropenia**, Granulocyte colony stimulating factor treatment for alloimmune neonatal neutropenia, **F57**
- Ambiguous genitalia**, Male pseudohermaphroditism secondary to panhypopituitarism, **153**
- Anaemia**, Effects of increased red cell mass on subclinical tissue acidosis in hyaline membrane disease, **F87**
- Analgesia**, Alfentanil as procedural pain relief in newborn infants, **F103**
- Anaphylaxis**, Food related, exercise induced anaphylaxis, **141**
- Antenatal hydronephrosis**, Primary vesicoureteric reflux - how useful is postnatal ultrasound?, **444**
- Anthracycline**, Early identification of anthracycline cardiomyopathy: possibilities and implications, **416**
- Anticoagulation**, Oral anticoagulation nephrotic syndrome: *correspondence*, **462**
- Antidelta**, Prevalence of antidelta in Turkish children with chronic hepatitis B infection: *correspondence*, **355**
- Antidepressants**, Nocturnal enuresis: a placebo controlled trial of two antidepressant drugs, **62**
- Antiepileptic drugs**, The new antiepileptic drugs: *current topic*, **256**
- Antiphospholipid syndrome**, Antiphospholipid syndrome presenting as episodic limb ischaemia, **342**
- Apoptosis**, Hypoxia, ischaemia, and apoptosis: *annotation*, **F73**
- Appropriate for gestational age**, Total energy expenditure in small for gestational age infants, **F46**
- Asphyxia**, Epidemiology of Munchausen syndrome by proxy, non-accidental poisoning, and non-accidental suffocation, **57**
- Assault**, Guarding paediatricians against allegations of assault: *personal practice*, **82**
- Assisted conception**, Recent trends in the incidence of multiple births and associated mortality in England and Wales, **F10**
- Asthma**
Clinical significance of cough and wheeze in the diagnosis of asthma, **489**
Effects of inhaled steroid treatment on serum eosinophilic cationic protein and low affinity receptor for IgE (FcεRI/CD23) in childhood bronchial asthma, **314**
Epogam evening primrose oil treatment in atopic dermatitis and asthma, **494**
Exhaled nitric oxide in paediatric asthma and cystic fibrosis, **323**
Parental and neonatal risk factors for atopy, airway hyper-responsiveness, and asthma, **392**
Serum eosinophil cationic protein measurements in monitoring pulmonary inflammation in asthma: *correspondence*, **88**
Stability of respiratory symptoms in unlabelled wheezy illness and nocturnal cough, **385**
- Astrocytoma**, Pineal tumours in the north of England 1968-93, **181**
- Asymmetric crying facies**, 22q11 deletion: a cause of asymmetric crying facies: *correspondence*, **89**
- Asystolic/anoxic seizures**, Permanent cardiac pacing for reflex anoxic seizure: *correspondence*, **462**
- Atopic dermatitis**, Epogam evening primrose oil treatment in atopic dermatitis and asthma, **494**
- Atopy**, Parental and neonatal risk factors for atopy, airway hyper-responsiveness, and asthma, **392**
- Atrial septal defects**, Does it matter if atrial septal defects are not diagnosed in childhood? *annotation*, **96**
- Authors**, Acknowledgments and authors: *annotation*, **366**
- Autoantibodies**, Vasculitis associated with levamisole and circulating autoantibodies: *correspondence*, **355**
- Auxology**, Head growth in cystic fibrosis following early diagnosis by neonatal screening, **191**
- Back pain**, Difficulties in diagnosing intrinsic spinal cord tumours, **204**
- Bacterial meningitis**, Dexamethasone and bacterial meningitis in Pakistan, **482**
- Balloon testing**, Hullabaloon in Uranus: *Archivist*, **404**
- BCG**, BCG and prevention of tuberculous meningitis: *correspondence*, **267**
- Bed sharing**, Higher rectal temperatures in co-sleeping infants, **249**
- Bedouins**, Possible aetiology of haemorrhagic shock and encephalopathy syndrome in the Negev area of Israel, **332**
- Behaviour**, Interview data on severe behavioural eating difficulties in young children, **304**
- Behavioural characteristics**, Developmental and behavioural characteristics of cri du chat syndrome, **448**
- Behavioural symptoms**, A case-control study of somatic and behavioural symptoms in sexually abused boys, **237**
- Beta cells**, Ketoacidosis at the diagnosis of type 1 (insulin dependent) diabetes mellitus is related to poor residual β cell function, **410**
- Bible**, The Holy Bible: insights into perinatal practice in ancient times: *perinatal lessons from the past*, **F219**
- Bilirubin**, Influence of bilirubin on surface tension properties of lung surfactant, **F191**
- Biofeedback**, Randomised trial of biofeedback training for encopresis, **367**

- Dexamethasone**
Dexamethasone and bacterial meningitis in Pakistan, **482**
Effect of dexamethasone on IL-2 and IL-3 production by mononuclear cells in neonates and adults, **F197**
- Diabetes**, X linked immune dysregulation, neonatal insulin dependent diabetes, and intractable diarrhoea: *correspondence*, **F144**
- Diabetes mellitus**, N1303K mutation and diabetes mellitus in cystic fibrosis: *correspondence*, **546**
- Diaphragmatic eventration**, Unusual complications in siblings with marfanoid phenotype, **247**
- Diarrhoea**, X linked immune dysregulation, neonatal insulin dependent diabetes, and intractable diarrhoea: *correspondence*, **F144**
- Diphtheria**, Diphtheria: are we ready for it? *correspondence*, **547**

- Diphtheria tetanus pertussis vaccine**, Combined diphtheria, tetanus, pertussis, and *Haemophilus influenzae* type b vaccines for primary immunisation, 298
- Disability**, Injuries and the risk of disability in teenagers and young adults, 156
- Disabled children**, Needs of disabled children and their families, 399
- Disruptiveness**, Survey of difficult to contain and treat children and adolescents, 78
- Divorce**, Divorce and marital strife and their effects on children: annotation, 1
- Doppler echocardiography**, Comparison of effects of 95% and 90% oxygen saturations in respiratory distress syndrome, F94
- Doppler ultrasound**, Intraobserver variation in Doppler ultrasound assessment of pulmonary artery pressure, F59
- Drug resistance**, Impact of age and drug resistance on mortality in typhoid fever, 214
- Dry heat loss**, Skin to skin care: heat balance, F130
- Ductus arteriosus**, Early ductal shunting and intraventricular haemorrhage in ventilated preterm infants, F183
- Dwarfism**, Urinary growth hormone estimation in diagnosing severe growth hormone deficiency, 228
- E-selectin**, Circulating adhesion molecules ICAM-1, E-selectin, and von Willebrand factor in Henoch-Schönlein purpura, 507
- Ear drum temperature**, Between the ears: Archivist, 374
- Eating**, Interview data on severe behavioural eating difficulties in young children, 304
- Echocardiographic diagnosis**, ECG and echocardiographic diagnosis of pulmonary thromboembolism associated with central venous lines: correspondence, 169
- Echocardiography**, Early identification of anthracycline cardiomyopathy: possibilities and implications, 416
- Ektachem**, Measuring blood glucose in neonatal units: how does HemoCue compare? F202
- Electrocardiogram**, ECG and echocardiographic diagnosis of pulmonary thromboembolism associated with central venous lines: correspondence, 169
- Encephalopathy**, Possible aetiology of haemorrhagic shock and encephalopathy syndrome in the Negev area of Israel, 332
- Encopresis**
Hullabaloon in Uranus: Archivist, 404
Randomised trial of biofeedback training for encopresis, 367
- Endometrium**, Growth of the uterus, 330
- Energy balance**, Total energy expenditure and body composition in early infancy, 423
- Energy expenditure**, Total energy expenditure in small for gestational age infants, F46
- Enhanced allograft tolerance**, Risk factors for liver rejection: evidence to suggest enhanced allograft tolerance in infancy, 502
- Eosinophil cationic protein**
Effects of inhaled steroid treatment on serum eosinophilic cationic protein and low affinity receptor for IgE (FcεRI/CD23) in childhood bronchial asthma, 314
Relationship between disease severity and inflammatory markers in cystic fibrosis, 498
Serum eosinophil cationic protein measurements in monitoring pulmonary inflammation in asthma: correspondence, 88
- Epidemiology**, The changing epidemiology of cerebral palsy, F169
- Epilepsy**
Focal abnormalities detected by ¹⁸F-DG PET in epileptic encephalopathies, 102
New antiepileptic drugs: current topic, 256
Outcome of children born to epileptic mothers treated with carbamazepine during pregnancy, 517
- Epogam evening primrose oil**, Epogam evening primrose oil treatment in atopic dermatitis and asthma, 494
- Essential fatty acids**, Epogam evening primrose oil treatment in atopic dermatitis and asthma, 494
- Evidence-based child health**, Future prospects for evidence-based child health: annotation, 465
- Exercise challenge**, Food related, exercise induced anaphylaxis, 141
- Failure to thrive**
Community based study of failure to thrive in Israel, 145
Height and weight achievement in cleft lip and palate, 327
- Familial cholestasis**, Byler-like familial cholestasis in an extended kindred, 223: correction, 548
- Families**, Needs of disabled children and their families, 399
- Family history**, Parental and neonatal risk factors for atopy, airway hyper-responsiveness, and asthma, 392
- Fasting**, Evaluation of fasts for investigating hypoglycaemia or suspected metabolic disease, 115
- Fat**, Physiology of fat: Archivist, 443
- Fat free mass**, Total energy expenditure in small for gestational age infants, F46
- Fat mass**, Total energy expenditure and body composition in early infancy, 423
- Fat patterning**, Body size and subcutaneous fat patterning in adolescence, 521
- FcεRI/CD23**, Effects of inhaled steroid treatment on serum eosinophilic cationic protein and low affinity receptor for IgE (FcεRI/CD23) in childhood bronchial asthma, 314
- Feeding**, Interview data on severe behavioural eating difficulties in young children, 304
- Felbamate**, The new antiepileptic drugs: current topic, 256
- Fetal alcohol syndrome**, Alcohol and the young: annotation, 361
- Fibreoptic bronchoscopy**, The laryngeal mask airway in fibreoptic bronchoscopy, 344
- Final height**, Growth and endocrine sequelae of craniopharyngioma, 108
- 'Fit for the Future', Are we 'Fit for the Future' now?** current topic, 534
- Flow driver continuous airway pressure**, Nasal deformities resulting from flow driver continuous positive airway pressure, F209
- Focal cerebral infarction**, Visual function and perinatal focal cerebral infarction, F76
- Folate supplementation**, Neural tube defects 1974-94 - down but not out, F133
- Food dependent exercise induced anaphylaxis**, Food related, exercise induced anaphylaxis, 141
- Fortification**, Nutrient intakes and impact of fortified breakfast cereals in schoolchildren, 474
- Future**, Are we 'Fit for the Future' now? current topic, 534
- Gabapentin**, The new antiepileptic drugs: current topic, 256
- Gastric emptying**
Delayed gastric emptying: a novel gastrointestinal finding in Turner's syndrome, 440
Gastric emptying and gastro-oesophageal reflux in preterm infants, F117
- Gastro-oesophageal reflux**
Clinical and pH-metric characteristics of gastro-oesophageal reflux secondary to cows' milk protein allergy, 51
Gastric emptying and gastro-oesophageal reflux in preterm infants, F117
Misdiagnosis of pancreatitis during valproate treatment in gastro-oesophageal reflux: correspondence, 355
- Gaucher's disease**, Effective treatment of painful bone crises in type I Gaucher's disease with high dose prednisolone, 218
- Genetics**, Advances in genetics, 346
- Germinoma**, Pineal tumours in the north of England 1968-93, 181
- Gestational age**, Cerebral palsy: effect of twinning, birthweight, and gestational age, F178
- Glomerulonephritis**, Retrospective study of plasma exchange in patients with idiopathic rapidly progressive glomerulonephritis and vasculitis, 186
- Glucocorticoids**, Reduced upper airway nitric oxide in cystic fibrosis, 319
- Glucose**
Comparison of two bedside methods for the detection of hypoglycaemia among neonates in Nepal, F122
Measuring blood glucose in neonatal units: how does HemoCue compare? F202
- Gonadotrophin releasing hormone agonist**, Final height in central precocious puberty after long term treatment with a slow release GnRH agonist, 292
- Granulocyte colony-stimulating factor**, Granulocyte colony stimulating factor treatment for alloimmune neonatal neutropenia, F57
- Granulocyte transfusions**, Granulocyte colony stimulating factor treatment for alloimmune neonatal neutropenia, F57
- Group A streptococcal infections**, Non-steroidal anti-inflammatory drugs may predispose to invasive group A streptococcal infections: correspondence, 547
- Growth**
Community based study of failure to thrive in Israel, 145
Growth and endocrine sequelae of craniopharyngioma, 108
Growth of the uterus, 330
Head growth in cystic fibrosis following early diagnosis by neonatal screening, 191
Height and weight achievement in cleft lip and palate, 327
Low bone mineral density in small for gestational age infants: correlation with cord blood zinc concentrations, F126
Model of normal prepubertal growth, 427
Spontaneous growth in idiopathic short stature, 175
- Growth disorders**, Spontaneous growth in idiopathic short stature, 175
- Growth failure**
Management of growth failure in Crohn's disease: personal practice, 351
Renovascular and growth effects of childhood sarcoid, 74
- Growth hormone**
Defective growth hormone secretion in children with pycnodysostosis and improved linear growth after growth hormone treatment, 242
Psychological response to growth hormone treatment in short normal children, 32
- Growth impairment**, Growth impairment in very low birthweight children at 12 years: correlation with perinatal and outcome variables, F152

- Haemoglobin values**, Haemoglobin values in venous and skin puncture blood: *correspondence*, 170
- Haemophagocytic lymphohistiocytosis**, Successful treatment of non-familial haemophagocytic lymphohistiocytosis with interferon and gammaglobulin, 432
- Haemophilus influenzae type b vaccine**
Antibody responses to *Haemophilus influenzae* type b conjugate vaccine in sickle cell disease, 159
Combined diphtheria, tetanus, pertussis, and *Haemophilus influenzae* type b vaccines for primary immunisation, 298
- Haemorrhagic shock**, Possible aetiology of haemorrhagic shock and encephalopathy syndrome in the Negev area of Israel, 332
- Head growth**, Head growth in cystic fibrosis following early diagnosis by neonatal screening, 191
- Head lice**, Head lice in schoolchildren: *annotation*, 471
- Hearing loss**, Prevalence, aetiology, and care of severe and profound hearing loss, 129
- Heat shock proteins**, Human heat shock protein gene polymorphisms and sudden infant death syndrome, 451
- Heel**, Capillary blood sampling: should the heel be warmed? *correspondence*, F143
- Height and weight**, Height and weight achievement in cleft lip and palate, 327
- HemoCue**
Comparison of two cotside methods for the detection of hypoglycaemia among neonates in Nepal, F122
Measuring blood glucose in neonatal units: how does HemoCue compare? F202
- Henoch-Schönlein purpura**
Circulating adhesion molecules ICAM-1, E-selectin, and von Willebrand factor in Henoch-Schönlein purpura, 507
Retrospective study of plasma exchange in patients with idiopathic rapidly progressive glomerulonephritis and vasculitis, 186
- Hepatitis B**, Prevalence of antidelata in Turkish children with chronic hepatitis B infection: *correspondence*, 355
- Hepatitis C infection**, Hepatitis C infection after blood product transfusion: *annotation*, 363
- Hepatitis delta**, Prevalence of antidelata in Turkish children with chronic hepatitis B infection: *correspondence*, 355
- High dose prednisolone**, Effective treatment of painful bone crises in type I Gaucher's disease with high dose prednisolone, 218
- HIV**
HIV related Kaposi's sarcoma: *correspondence*, 547
Thalidomide treatment of mucosal ulcerations in HIV infection: *correspondence*, 90
When is HIV an issue after child sexual abuse? *personal practice*, 85
- Home birth**, Outcome in low risk pregnancies, F97
- Hormonal response**, Stress, severity of illness, and outcome in ventilated preterm infants, F187
- Hull, Professor Sir David**, James Spence Medallist 1996, 93
- Human recombinant erythropoietin**, Blood transfusions and human recombinant erythropoietin in premature newborn infants: *current topic*, F65
- Hyaline membrane disease**, Effects of increased red cell mass on subclinical tissue acidosis in hyaline membrane disease, F87
- Hydrocephalus**, Phase I study of intraventricular recombinant tissue plasminogen activator for treatment of posthaemorrhagic hydrocephalus, F20
- Hydronephrosis**, Primary vesicoureteric reflux - how useful is postnatal ultrasound? 444
- β Hydroxy butyrate**, Tolerance of mixed lipid emulsion in neonates: effect of concentration, F113
- Hyperbilirubinaemia**, Transcutaneous bilirubinometry in neonatal intensive care units, F53
- Hyperinsulinism**, Evaluation of fasts for investigating hypoglycaemia or suspected metabolic disease, 115
- Hypertension**, Renovascular and growth effects of childhood sarcoid, 74
- Hyperthermia**, Possible aetiology of haemorrhagic shock and encephalopathy syndrome in the Negev area of Israel, 332
- Hypoglycaemia**
Comparison of two cotside methods for the detection of hypoglycaemia among neonates in Nepal, F122
Evaluation of fasts for investigating hypoglycaemia or suspected metabolic disease, 115
Measuring blood glucose in neonatal units: how does HemoCue compare? F202
Nocturnal hypoglycaemia and sleep disturbances in young teenagers with insulin dependent diabetes mellitus, 120
- Hypothalamic injury**, Growth and endocrine sequelae of craniopharyngioma, 108
- Hypothermia**, Postnatal hypothermia and cold stress among newborn infants in Nepal monitored by continuous ambulatory recording, F42
- Hypothyroidism**, Familial hypothyroidism with autosomal dominant inheritance, 245
- Hypoxia**, Hypoxia, ischaemia, and apoptosis: *annotation*, F73
- Hypoxic-ischaemic encephalopathy**, Hypoxic-ischaemic encephalopathy: early and late magnetic resonance imaging findings in relation to outcome, F145
- Imipramine**, Nocturnal enuresis: a placebo controlled trial of two antidepressant drugs, 62
- Immunisation**, Combined diphtheria, tetanus, pertussis, and *Haemophilus influenzae* type b vaccines for primary immunisation, 298
- Immunosuppression**, Risk factors for liver rejection: evidence to suggest enhanced allograft tolerance in infancy, 502
- Infant crying**, Bases of maternal perceptions of infant crying and colic behaviour, 375
- Infant mortality**, Recent trends in the incidence of multiple births and associated mortality in England and Wales, F10
- Infantile hypertrophic pyloric stenosis**, Ultrasound compared with clinical examination in infantile hypertrophic pyloric stenosis, 335
- Infantile spasms**, Focal abnormalities detected by 18 FDG PET in epileptic encephalopathies, 102
- Infection**
Integrated management of childhood infections and malnutrition: a global initiative: *annotation*, 468
Relationship between clinical severity of respiratory syncytial virus infection and subtype, 137
- Inhaled corticosteroid**, Effects of inhaled steroid treatment on serum eosinophilic cationic protein and low affinity receptor for IgE (Fc ϵ RII/sCD23) in childhood bronchial asthma, 314
- Inhaled glucocorticoids**, Reduced upper airway nitric oxide in cystic fibrosis, 319
- Injuries**, Injuries and the risk of disability in teenagers and young adults, 156
- Insulin dependent diabetes mellitus**
Consistency of microvascular and autonomic abnormalities in diabetes, 124
Ketoacidosis at the diagnosis of type 1 (insulin dependent) diabetes mellitus is related to poor residual β cell function, 410
Nocturnal hypoglycaemia and sleep disturbances in young teenagers with insulin dependent diabetes mellitus, 120
- Insulin dose**, Ketoacidosis at the diagnosis of type 1 (insulin dependent) diabetes mellitus is related to poor residual β cell function, 410
- Insulin-like growth factor-1**
Defective growth hormone secretion in children with pycnodysostosis and improved linear growth after growth hormone treatment, 242
Serum insulin-like growth factor 1 in congenital heart disease, 162
- Integrated care pathways**, Integrated care pathways: *personal practice*, 166
- Intelligence**, Short stature - the role of intelligence in psychosocial adjustment, 25
- Intensive care beds**, Calculation of the need for paediatric intensive care beds: *correspondence*, 89
- Interferon alfa**, Successful treatment of non-familial haemophagocytic lymphohistiocytosis with interferon and gammaglobulin, 432
- Interleukin-2 and -3**, Effect of dexamethasone on IL-2 and IL-3 production by mononuclear cells in neonates and adults, F197
- Interleukin-10**, Proinflammatory and anti-inflammatory cytokines in meningococcal disease, 453
- Intracranial pressure**, Increased perinatal intracranial pressure and prediction of early puberty in girls with myelomeningocele, 42
- Intraobserver variation**, Intraobserver variation in Doppler ultrasound assessment of pulmonary artery pressure, F59
- Intravenous gammaglobulin**, Successful treatment of non-familial haemophagocytic lymphohistiocytosis with interferon and gammaglobulin, 432
- Intravenous immunoglobulin**, Intravenous immunoglobulin, splenectomy, and antibiotic prophylaxis in Wiskott-Aldrich syndrome, 436
- Intraventricular haemorrhage**, Early ductal shunting and intraventricular haemorrhage in ventilated preterm infants, F183
- Intraventricular treatment**, Phase I study of intraventricular recombinant tissue plasminogen activator for treatment of posthaemorrhagic hydrocephalus, F20
- Invasive group A streptococcal infections**, Non-steroidal anti-inflammatory drugs may predispose to invasive group A streptococcal infections: *correspondence*, 547
- Iron deficiency anaemia**, Prevention of anaemia in inner city toddlers by an iron supplemented cows' milk formula, 9
- Ischaemia**, Hypoxia, ischaemia, and apoptosis: *annotation*, F73
- James Spence Medallist 1996**, Professor Sir David Hull, 93
- Joint mobility**, Consistency of microvascular and autonomic abnormalities in diabetes, 124
- Kaposi's sarcoma**, HIV related Kaposi's sarcoma: *correspondence*, 547
- Kartagener's syndrome**, Exhaled nitric oxide in paediatric asthma and cystic fibrosis, 323
- Kawasaki disease**, Mycoplasma infection and Kawasaki disease: *correspondence*, 266
- Ketoacidosis**, Ketoacidosis at the diagnosis of type 1 (insulin dependent) diabetes mellitus is related to poor residual β cell function, 410

- L-NAME**, Limited role of nitric oxide in mediating cerebrovascular control of newborn piglets, F82
- Lag time**, Lag time for children with brain tumours: *correspondence*, 266
- Lamotrigine**, The new antiepileptic drugs: *current topic*, 256
- Langerhans' cell histiocytosis**, A multicentre retrospective survey of Langerhans' cell histiocytosis: 348 cases observed between 1983 and 1993, 17
- Laryngeal mask airway**, The laryngeal mask airway in fiberoptic bronchoscopy, 344
- Laxatives**
Diagnostic dilemmas and results of treatment for chronic constipation, 36
Randomised trial of biofeedback training for encopresis, 367
- Learning disability**, Developmental and behavioural characteristics of cri du chat syndrome, 448
- Length measurements**, Infant length measurements: *correspondence*, 90
- Lennox-Gastaut syndrome**, Focal abnormalities detected by ¹⁸F PET in epileptic encephalopathies, 102
- Leptin**, Physiology of fat: *Archivist*, 443
- Levamisole**, Vasculitis associated with levamisole and circulating autoantibodies: *correspondence*, 355
- Lice**, Head lice in schoolchildren: *annotation*, 471
- Lichen sclerosus et atrophicus**, Lichen sclerosus et atrophicus and sexual abuse, 512
- Limb body wall defects**, Limb body wall defects the result of trauma? *correspondence*, F71
- Limb ischaemia**, Antiphospholipid syndrome presenting as episodic limb ischaemia, 342
- Liver rejection**, Risk factors for liver rejection: evidence to suggest enhanced allograft tolerance in infancy, 502
- Long chain polyunsaturated fatty acids**, Visual evoked potentials and dietary long chain polyunsaturated fatty acids in preterm infants, F108
- Low birthweight**, Cerebral palsy and multiple births, F174: *commentary*, F177
- Low risk deliveries**, Outcome in low risk pregnancies, F97
- Lower urinary tract obstruction**, Cowper's syringocele: an analysis of 15 consecutive cases, 71
- Lung inflammation**, Reduced upper airway nitric oxide in cystic fibrosis, 319
- Magnetic resonance imaging**
Hypoxic-ischaemic encephalopathy: early and late magnetic resonance imaging findings in relation to outcome, F145
Visual function and perinatal focal cerebral infarction, F76
- Male pseudohermaphroditism**, Male pseudohermaphroditism secondary to panhypopituitarism, 153
- Malnutrition**, Integrated management of childhood infections and malnutrition: a global initiative: *annotation*, 468
- Marfanoid features**, Unusual complications in siblings with marfanoid phenotype, 247
- Marital strife**, Divorce and marital strife and their effects on children: *annotation*, 1

 Alfentanil as procedural pain relief in newborn infants, **F103**
 Pain, quality of life, and coping in sickle cell disease, **199**
 Pain response in neonates: *correspondence*, **F144**
 Stress, severity of illness, and outcome in ventilated preterm infants, **F187**
- Pakistan**, Dexamethasone and bacterial meningitis in Pakistan, **482**
- Pancreatic β cells**, Ketoacidosis at the diagnosis of type 1 (insulin dependent) diabetes mellitus is related to poor residual β cell function, **410**
- Pancreatic insufficiency**, Gastrointestinal and nutritional sequelae of bone marrow transplantation, **208**
- Pancreatitis**, Misdiagnosis of pancreatitis during valproate treatment in gastro-oesophageal reflux: *correspondence*, **355**
- Panhypopituitarism**, Male pseudohermaphroditism secondary to panhypopituitarism, **153**
- Paracetamol**, Paracetamol use, availability, and knowledge of toxicity among British and American adolescents, **194**
- Parent/baby co-sleeping**, Higher rectal temperatures in co-sleeping infants, **249**
- Parenteral nutrition**, Tolerance of mixed lipid emulsion in neonates: effect of concentration, **F113**
- Pasteurised cows' milk**, Prevention of anaemia in inner city toddlers by an iron supplemented cows' milk formula, **9**
- Patent ductus arteriosus**, Early ductal shunting and intraventricular haemorrhage in ventilated preterm infants, **F183**
- Peer relationships**, Short stature - the role of intelligence in psychosocial adjustment, **25**
- Percutaneous intravascular catheters**, Reappraisal of ultrasound imaging of neonatal intravascular catheters, **F62**
- Perinatal medicine**, William Potts Dewees (1768-1841) of Pennsylvania: pioneer of perinatal medicine in America: *perinatal lessons from the past*, **F69**
- Perinatal practice**, The Holy Bible: insights into perinatal practice in ancient times: *perinatal lessons from the past*, **F219**
- Peripheral chemoreceptors**, Development of peripheral chemoreceptor function in infants with chronic lung disease and initially lacking hyperoxic response, **F4**
- pH-metric tracing**, Clinical and pH-metric characteristics of gastro-oesophageal reflux secondary to cows' milk protein allergy, **51**
- pH recording**, Simultaneous tracheal and oesophageal pH monitoring during mechanical ventilation, **46**
- Photography**, Child sexual abuse - have we learned the lessons of Cleveland? *correspondence*, **88**
- Physical activity**, Total energy expenditure and body composition in early infancy, **423**
- Pineal tumours**, Pineal tumours in the north of England 1968-93, **181**
- Plasma exchange**, Retrospective study of plasma exchange in patients with idiopathic rapidly progressive glomerulonephritis and vasculitis, **186**
- Poisoning**, Epidemiology of Munchausen syndrome by proxy, non-accidental poisoning, and non-accidental suffocation, **57**
- Polysaturated fatty acids**, Visual evoked potentials and dietary long chain polysaturated fatty acids in preterm infants, **F108**
- Positron emission tomography**, Focal abnormalities detected by ¹⁸F-DG PET in epileptic encephalopathies, **102**
- Postnatal hypothermia**, Postnatal hypothermia and cold stress among newborn infants in Nepal monitored by continuous ambulatory recording, **F42**
- Postneonatal morbidity**, Morbidity during the first year of life in small for gestational age infants, **F33**
- Prader-Willi syndrome**, Physiology of fat: *Archivist*, **443**
- Precocious puberty**
 Evaluation and management of precocious puberty: *annotation*, **269**
 Final height in central precocious puberty after long term treatment with a slow release GnRH agonist, **292**
 Increased perinatal intracranial pressure and prediction of early puberty in girls with myelomeningocele, **42**
- Prednisolone**, Effective treatment of painful bone crises in type I Gaucher's disease with high dose prednisolone, **218**
- Pregnancy**, Outcome of children born to epileptic mothers treated with carbamazepine during pregnancy, **517**
- Prenatal ischaemia**, Clinical associations and time of onset of cerebral white matter damage in very preterm babies, **F27**
- Prepubertal**, Model of normal prepubertal growth, **427**
- Preterm (premature) infant**
 Blood transfusions and human recombinant erythropoietin in premature newborn infants: *current topic*, **F65**
 Clinical associations and time of onset of cerebral white matter damage in very preterm babies, **F27**
 CRIB (clinical risk index for babies) in relation to nosocomial bacteraemia in very low birthweight or preterm infants, **F49**
 Early ductal shunting and intraventricular haemorrhage in ventilated preterm infants, **F183**
 Gastric emptying and gastro-oesophageal reflux in preterm infants, **F117**
 Stress, severity of illness, and outcome in ventilated preterm infants, **F187**
- Prosecution**, Outcome of criminal investigation into allegations of sexual abuse, **149**
- Protein losing enteropathy**, Gastrointestinal and nutritional sequelae of bone marrow transplantation, **208**
- Protein turnover**, Whole body protein metabolism in children with cancer, **273**
- Pseudohermaphroditism**, Male pseudohermaphroditism secondary to panhypopituitarism, **153**
- Pseudotumour**, Painful and painless ophthalmoplegia with cavernous sinus pseudotumour, **239**
- Psychometric testing**, Psychological response to growth hormone treatment in short normal children, **32**
- Psychosocial studies**, Lessons from psychosocial studies of chronic renal failure, **455**
- Pulmonary artery pressure**, Intraobserver variation in Doppler ultrasound assessment of pulmonary artery pressure, **F59**
- Pulmonary circulation**, Comparison of effects of 95% and 90% oxygen saturations in respiratory distress syndrome, **F94**
- Pulmonary inflammation**, Serum eosinophil cationic protein measurements in monitoring pulmonary inflammation in asthma: *correspondence*, **88**
- Pulmonary mechanics**, Graphic analysis of pulmonary mechanics in neonates receiving assisted ventilation: *current topic*, **F213**
- Pulmonary thromboembolism**, ECG and echocardiographic diagnosis of pulmonary thromboembolism associated with central venous lines: *correspondence*, **169**
- Pulse oximetry**, Uses and abuses of pulse oximetry: *correspondence*, **172**
- Pycnodysostosis**, Defective growth hormone secretion in children with pycnodysostosis and improved linear growth after growth hormone treatment, **242**
- Pyloric stenosis**, Ultrasound compared with clinical examination in infantile hypertrophic pyloric stenosis, **335**
- Quality of life**, Pain, quality of life, and coping in sickle cell disease, **199**
- Rapidly progressive glomerulonephritis**, Retrospective study of plasma exchange in patients with idiopathic rapidly progressive glomerulonephritis and vasculitis, **186**
- Rectal temperature**, Skin to skin care: heat balance, **F130**
- Reflux II**, Comparison of two bedside methods for the detection of hypoglycaemia among neonates in Nepal, **F122**
- Renal failure**, Lessons from psychosocial studies of chronic renal failure, **455**
- Renovascular effects**, Renovascular and growth effects of childhood sarcoid, **74**
- Research**, Acknowledgments and authors: *annotation*, **366**
- Resident care**, Better health for children in resident care: *current topic*, **263**
- Respiratory distress syndrome**
 Comparison of effects of 95% and 90% oxygen saturations in respiratory distress syndrome, **F94**
 Influence of bilirubin on surface tension properties of lung surfactant, **F191**
 Transcutaneous bilirubinometry in neonatal intensive care units, **F53**
- Respiratory symptoms**, Stability of respiratory symptoms in unlabelled wheezy illness and nocturnal cough, **385**
- Respiratory syncytial virus**, Relationship between clinical severity of respiratory syncytial virus infection and subtype, **137**
- Restriction fragment length polymorphisms**, Human heat shock protein gene polymorphisms and sudden infant death syndrome, **451**
- Rickets**, Rickets and soil strontium, **524**
- Risk factors**, Impact of age and drug resistance on mortality in typhoid fever, **214**
- Sarcoidosis**, Renovascular and growth effects of childhood sarcoid, **74**
- Screening**
 Neonatal otoacoustic emission screening for deafness: psychological costs: *correspondence*, **F143**
 Outcomes of neonatal screening for hearing loss by otoacoustic emission, **F158**
- Seizures**, Permanent cardiac pacing for reflex anoxic seizure: *correspondence*, **462**
- Septic shock**, Proinflammatory and anti-inflammatory cytokines in meningococcal disease, **453**
- Service provision**, Survey of difficult to contain and treat children and adolescents, **78**
- Sexual abuse**
 Case-control study of somatic and behavioural symptoms in sexually abused boys, **237**
 Child sexual abuse - have we learned the lessons of Cleveland? *correspondence*, **88**

- Lichen sclerosus et atrophicus and sexual abuse, **512**
 Outcome of criminal investigation into allegations of sexual abuse, **149**
 Use of the colposcope in examination for sexual abuse: *personal practice*, **539**
 When is HIV an issue after child sexual abuse? *personal practice*, **85**
- Short stature**
 Psychological response to growth hormone treatment in short normal children, **32**
 Short stature - the role of intelligence in psychosocial adjustment, **25**
 Spontaneous growth in idiopathic short stature, **175**
- Siblings**, Early acute otitis media and siblings' attendance at nursery, **338**
- Sickle cell disease**
 Antibody responses to *Haemophilus influenzae* type b conjugate vaccine in sickle cell disease, **159**
 Bone marrow transplant for sickle cell disease - an update: *annotation*, **3**
 Pain, quality of life, and coping in sickle cell disease, **199**
- Singles**
 Cerebral palsy: effect of twinning, birthweight, and gestational age, **F178**
 Cerebral palsy and multiple births, **F174**: commentary, **F177**
- Skin puncture blood**, Haemoglobin values in venous and skin puncture blood: *correspondence*, **170**
- Skin to skin care**, Skin to skin care: heat balance, **F130**
- Sleeping metabolic rate**
 Individual variation in sleeping metabolic rates in infants, **288**
 Metabolic rate of sleeping infants, **282**
- Sleeping position**, Sleeping position and cot death: *correspondence*, **171**
- Small for gestational age**
 Low bone mineral density in small for gestational age infants: correlation with cord blood zinc concentrations, **F126**
 Morbidity during the first year of life in small for gestational age infants, **F33**
 Total energy expenditure in small for gestational age infants, **F46**
- Snow, Dr John**, Dr John Snow (1813-58) of London: pioneer of obstetric anaesthesia: *perinatal lessons from the past*, **F141**
- Sodium/glucose cotransporter activity**, Sodium/glucose cotransporter activity in cystic fibrosis: *correspondence*, **170**
- Soluble interleukin 2 receptor**, Relationship between disease severity and inflammatory markers in cystic fibrosis, **498**
- Soluble low affinity receptor for IgE**, Effects of inhaled steroid treatment on serum eosinophilic cationic protein and low affinity receptor for IgE (FcεRII/CD23) in childhood bronchial asthma, **314**
- Somatic symptoms**, A case-control study of somatic and behavioural symptoms in sexually abused boys, **237**
- Spinal cord tumour**, Difficulties in diagnosing intrinsic spinal cord tumours, **204**
- Splenectomy**, Intravenous immunoglobulin, splenectomy, and antibiotic prophylaxis in Wiskott-Aldrich syndrome, **436**
- Stable isotope**, Whole body protein metabolism in children with cancer, **273**
- Statistical review**, Child health statistical review, 1996, **527**
- Stillbirth**, Recent trends in the incidence of multiple births and associated mortality in England and Wales, **F10**
- Stress**, Stress, severity of illness, and outcome in ventilated preterm infants, **F187**
- Strontium**, Rickets and soil strontium, **524**
- Subtype A and B**, Relationship between clinical severity of respiratory syncytial virus infection and subtype, **137**
- Sudden infant death syndrome**
 Development of peripheral chemoreceptor function in infants with chronic lung disease and initially lacking hyperoxic response, **F4**
 Higher rectal temperatures in co-sleeping infants, **249**
 Human heat shock protein gene polymorphisms and sudden infant death syndrome, **451**
 Sleeping position and cot death: *correspondence*, **171**
- Suicide**, Paracetamol use, availability, and knowledge of toxicity among British and American adolescents, **194**
- Surfactant**
 Influence of bilirubin on surface tension properties of lung surfactant, **F191**
 Surfactant abnormalities in infants with severe viral bronchiolitis, **133**
- Surfactant replacement therapy**, New targets for surfactant replacement therapy: experimental and clinical aspects: *annotation*, **F1**
- Surveillance**, Validation of the reporting bases of the orthopaedic and paediatric surveillance schemes, **232**
- Syringocoele**, Cowper's syringocoele: an analysis of 15 consecutive cases, **71**
- Systemic lupus erythematosus**, Retrospective study of plasma exchange in patients with idiopathic rapidly progressive glomerulonephritis and vasculitis, **186**
- Taking blood**, Parents' and children's reactions to taking blood in a nutrition survey, **309**
- 'Tarantula eyes'**, 'Tarantula eyes': *correspondence*, **462**
- Teenagers**
 Cystic fibrosis in teenagers and young adults: *annotation*, **99**
 Injuries and the risk of disability in teenagers and young adults, **156**
 Nocturnal hypoglycaemia and sleep disturbances in young teenagers with insulin dependent diabetes mellitus, **120**
- Telephone conferencing**, Telephone conferencing: *current topic*, **460**
- Teratoma**, Pineal tumours in the north of England 1968-93, **181**
- Thalidomide**, Thalidomide treatment of mucosal ulcerations in HIV infection: *correspondence*, **90**
- Thermal environment**
 Individual variation in sleeping metabolic rates in infants, **288**
 Metabolic rate of sleeping infants, **282**
- Thrombocytopenia**, Intravenous immunoglobulin, splenectomy, and antibiotic prophylaxis in Wiskott-Aldrich syndrome, **436**
- Thyroid stimulating hormone unresponsiveness**, Familial hypothyroidism with autosomal dominant inheritance, **245**
- Tissue plasminogen activator**, Phase I study of intraventricular recombinant tissue plasminogen activator for treatment of posthaemorrhagic hydrocephalus, **F20**
- Tolosa-Hunt syndrome**, Painful and painless ophthalmoplegia with cavernous sinus pseudotumour, **239**
- Tracheal pH recording**, Simultaneous tracheal and oesophageal pH monitoring during mechanical ventilation, **46**
- Tracheal suction**, Alfentanil as procedural pain relief in newborn infants, **F103**
- Transcutaneous bilirubinometry**, Transcutaneous bilirubinometry in neonatal intensive care units, **F53**
- Transient evoked otoacoustic emission screening**, Outcomes of neonatal screening for hearing loss by otoacoustic emission, **F158**
- Trauma**, Limb body wall defects the result of trauma? *correspondence*, **F71**
- Triglycerides**, Tolerance of mixed lipid emulsion in neonates: effect of concentration, **F113**
- Triptorelin**, Final height in central precocious puberty after long term treatment with a slow release GnRH agonist, **292**
- Trisomy 18**, Natural history of trisomy 18, **F38**
- Tuberculous meningitis**, BCG and prevention of tuberculous meningitis: *correspondence*, **267**
- Turner's syndrome**, Delayed gastric emptying: a novel gastrointestinal finding in Turner's syndrome, **440**
- Twins**
 Cerebral palsy: effect of twinning, birthweight, and gestational age, **F178**
 Cerebral palsy and multiple births, **F174**: commentary, **F177**
- Typhoid**, Impact of age and drug resistance on mortality in typhoid fever, **214**
- Ultrasound**
 Primary vesicoureteric reflux - how useful is postnatal ultrasound?, **444**
 Reappraisal of ultrasound imaging of neonatal intravascular catheters, **F62**
 Ultrasound compared with clinical examination in infantile hypertrophic pyloric stenosis, **335**
- Umbilical catheters**, Reappraisal of ultrasound imaging of neonatal intravascular catheters, **F62**
- Urinary growth hormone**, Urinary growth hormone estimation in diagnosing severe growth hormone deficiency, **228**
- Uterus**, Growth of the uterus, **330**
- Uveitis**, Renovascular and growth effects of childhood sarcoid, **74**
- Vaccine**
 Antibody responses to *Haemophilus influenzae* type b conjugate vaccine in sickle cell disease, **159**
 Combined diphtheria, tetanus, pertussis, and *Haemophilus influenzae* type b vaccines for primary immunisation, **298**
- Valproate**, Misdiagnosis of pancreatitis during valproate treatment in gastro-oesophageal reflux: *correspondence*, **355**
- Vasculitis**
 Circulating adhesion molecules ICAM-1, E-selectin, and von Willebrand factor in Henoch-Schönlein purpura, **507**
 Retrospective study of plasma exchange in patients with idiopathic rapidly progressive glomerulonephritis and vasculitis, **186**
 Vasculitis associated with levamisole and circulating autoantibodies: *correspondence*, **355**
- Ventilation**
 Advances in neonatal conventional ventilation: *current topic*, **F135**
 Early ductal shunting and intraventricular haemorrhage in ventilated preterm infants, **F183**
 Graphic analysis of pulmonary mechanics in neonates receiving assisted ventilation: *current topic*, **F213**
 Nasal deformities resulting from flow driver continuous positive airway pressure, **F209**
 Stress, severity of illness, and outcome in ventilated preterm infants, **F187**
- Ventriculoperitoneal shunt tubing**, Expulsion of ventriculoperitoneal shunt tubing: *correspondence*, **89**
- Very low birthweight**

- CRIB (clinical risk index for babies) in relation to nosocomial bacteraemia in very low birthweight or preterm infants, **F49**
- Growth impairment in very low birthweight children at 12 years: correlation with perinatal and outcome variables, **F152**
- Very preterm**, Clinical associations and time of onset of cerebral white matter damage in very preterm babies, **F27**
- Vesicoureteric reflux**, Primary vesicoureteric reflux - how useful is postnatal ultrasound?, **444**
- Vigabatrin**, The new antiepileptic drugs: *current topic*, **256**
- Vinblastine**, A multicentre retrospective survey of Langerhans' cell histiocytosis: 348 cases observed between 1983 and 1993, **17**
- Viral bronchiolitis**, Surfactant abnormalities in infants with severe viral bronchiolitis, **133**
- Visceral diverticula**, Unusual complications in siblings with marfanoid phenotype, **247**
- Visual evoked potentials**, Visual evoked potentials and dietary long chain polyunsaturated fatty acids in preterm infants, **F108**
- Visual function**, Visual function and perinatal focal cerebral infarction, **F76**
- von Willebrand factor**, Circulating adhesion molecules ICAM-1, E-selectin, and von Willebrand factor in Henoch-Schönlein purpura, **507**
- VP 16**, A multicentre retrospective survey of Langerhans' cell histiocytosis: 348 cases observed between 1983 and 1993, **17**
- Wheeze**
Clinical significance of cough and wheeze in the diagnosis of asthma, **489**
- Stability of respiratory symptoms in unlabelled wheezy illness and nocturnal cough, **385**
- White matter damage**, Clinical associations and time of onset of cerebral white matter damage in very preterm babies, **F27**
- Williams syndrome**, A new clinical sign in Williams syndrome: *correspondence*, **89**
- Wiskott-Aldrich syndrome**, Intravenous immunoglobulin, splenectomy, and antibiotic prophylaxis in Wiskott-Aldrich syndrome, **436**
- X linked immune dysregulation**, X linked immune dysregulation, neonatal insulin dependent diabetes, and intractable diarrhoea: *correspondence*, **F144**
- 46XY karyotype**, Male pseudohermaphroditism secondary to panhypopituitarism, **153**
- Young adults**
Cystic fibrosis in teenagers and young adults: *annotation*, **99**
Injuries and the risk of disability in teenagers and young adults, **156**
- Zinc deficiency**, Low bone mineral density in small for gestational age infants: correlation with cord blood zinc concentrations, **F126**
